

TEN SERVICES, ONE STANDARD

We care.
Six values, one standard.

Supporting lives, shaping futures.

Where safety, compassion and belonging come together.

Our mission is to be an outstanding care provider, guided by our six core values: Person-Centred Excellence, Compassionate Care, Inclusive by Nature, Innovation and Progress, Collaborative Partnerships and Positive Impact. Through these values we create a culture where every voice is valued, speaking up is encouraged and integrity is embedded in everything we do, ensuring exceptional outcomes for the people we support, their families and our colleagues.

Six values.
One culture.

An environment where speaking up is supported and integrity is embedded, so that everyone is empowered to deliver exceptional care and support.

- 02 Compassionate Care
- 03 Inclusive by Nature
- 04 Innovation & Progress
- 05 Collaborative Partnerships
- 06 Positive Impact

OUR VISION, IN THE WORDS OF OUR CHIEF EXECUTIVE

Richard Whitby
CHIEF EXECUTIVE OFFICER

Our vision is a world where every person, regardless of the complexity of their needs, has the opportunity to live with dignity, purpose and hope. We strive to be the very best provider of specialist care, trusted by families, commissioners and communities to support people when others cannot.

By putting people first, living our values every day, and creating a culture where everyone is heard and valued, we will deliver outstanding care that changes lives, builds confidence, and helps people achieve their fullest potential.

At St Matthews, we see the person before the condition, the potential before the limitation, and the future before the challenge. We aspire to be recognised as the most trusted and respected provider of specialist care, transforming lives through exceptional support and never losing sight of what matters most: the person in front of us.

"Because great care starts with people, and every person matters."
